

Paul W. Seitz

Paul Seitz is most closely associated with the stone and gravel quarry business. He and Bill May began May Stone as a small gravel business about 40 years ago, opening the large limestone quarry at 6100 Ardmore Avenue in 1952.

Seitz became Chairman of a new business when E.H. Concrete, a newly formed firm, bought Erie Haven, Inc. Erie Haven was purchased from May Stone & Sand, which Seitz had headed first as President, beginning in 1968, and as Chairman since 1982. Erie Haven is a ready-mix concrete and building supply firm.
